Subject: RE: thank for attending our press conference

Darlene: Last week Michael Williams was arrested. This was one of the individuals we listed with Crimestoppers and one of the suspects that I brought to you on the Friday of the press conference regarding the new firearms initiative. That was only a few days and we got our wanted suspect. The person who turned him in stated that they saw he was wanted from a Crimestoppers commercial. Just wanted to let you know how effective you are in removing criminals from society. Thanks Again for what you do.
