

**In loving memory of our son,
David J. Sisolak, Jr.
Murdered January 7, 2008**

In light of the recent indictment of Jamal Tucker for the ruthless murder of our son, David J. Sisolak, Jr. on January 7 of this year, we would like to take this time to thank Detective Orlando Mathews and Captain Kevin Anderson of the NOPD Homicide Division who have both committed to seek justice for the family and in doing so find some peace. Our eternal gratitude to these two men that are dedicated in seeing justice prevail.

Our gratitude is extended to Darlene Cusanza of the Crimestoppers Organization for not only the assistance that she rendered by posting the initial reward in this case and the reward for the recovery of the murder weapon, but for the above and beyond services of what the public is not aware of that she and this organization does for the victim's family. Darlene has been our crutch throughout the entire ordeal, walking us through every step, helping me not only in counsel, but there when I needed someone to lean on. Crimestoppers has been with our family at every phase of this painful process and has been kind, compassionate and caring with every step.

It was Darlene Cusanza and the Crimestoppers Organization that opened the necessary doors at the NOPD to assure that all that could be done was being done and more and it is Crimestoppers that can be also credited for seeing justice served. Organizations like Crimestoppers give the victims of heinous crimes such as the murder of our son the comfort blanket that is much need at a time when you loose touch with the real world.

To Crimestoppers and the hundreds of friends, family and people we did not even know who sent in donations towards the reward required to seek out the necessary information that would lead up to this day...we thank you from the bottom of hearts and ask God to Bless each of you for your kindness and generosity in our time of need.

We loved our son dearly and miss him more than words can express. He is our first thought when we wake in the morning and our last thought as we put our head on the pillow at night.

David and Janell Sisolak
