**Crimestoppers GNO announces an increase in the Crimestoppers reward for the homicide of  
NOPD Detective Everett Briscoe**

Darlene Cusanza, President and CEO of Crimestoppers, Inc. (GNO), joined by NOPD Superintendent, Shaun Ferguson and President of ZULU Social Aid and Pleasure Club, Brother Elroy James, announced that Crimestoppers GNO added **\$20,000** to increase the Crimestoppers of Houston reward up to **\$100,000** for information which leads to the arrest in the death of Detective Everett Briscoe. Crimestoppers GNO increase of \$20,000 includes a \$10,000 donation provided by an anonymous donor as well as funds from the organization. The \$20,000 will be added to the funds collected by the Crimestoppers of Houston for this case.

Cusanza stated that following our protocols when an active law enforcement officer falls victim to murder, our organization went to work immediately to offer the increased reward. It is our hope that the increased reward swiftly finds justice for Detective Briscoe and fellow Zulu member Darin "D.J." Riculfy, who was critically injured. Our message is clear that we stand with our officers in blue and with our increased reward, we hope it provides some comfort to NOPD officers, where they can focus on healing and aiding Detective Briscoe's family.

Crimestoppers GNO will also pass on any anonymous tips provided directly to our agency to Houston Police via Crimestoppers of Houston for investigation.
